

Philips  
Clock Radio

AJ4200

## Charge your mobile phone while sleeping

The Philips AJ4200 not only wakes you with your favorite radio station, it also charges your mobile phone while you sleep. It comes with dual alarm with weekday and weekend settings and a big LCD display screen for easy reading.

### Double as battery charger

- Charge mobile phone and USB device in one go
- Supports major mobile phone brands and USB devices
- Built-in storage compartment- never lose your connector tips

### Start the day your way

- Wake up to your favorite radio tune or a buzzer
- Dual alarm with weekday and weekend settings
- Gentle wake up call with an increasing alarm volume

### Easy to use

- FM digital tuning with presets
- Easy-to-read large LCD display
- Date and day-of-the-week display

**PHILIPS**  
sense and simplicity

# Highlights

## Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

## FM digital tuning with presets

Digital FM radio offers you additional music options to your music collection on your Philips audio system. Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

## Dual alarm

Designed with modern day lifestyles in mind, this clock radio has a dual alarm feature, allowing you to set different alarm times for weekdays and weekends or even vary the alarm settings for couples. The alarm settings can be tailored for the same alarm times for the entire week from Monday to Sunday. Or you can set the alarm for an early start on weekdays from Monday to Friday, and lazy lie-ins for Saturday and Sundays. Whichever you choose, this convenient features saves you from the hassle of fiddling with different alarm times every single night.

## Gentle wake up call

Gentle wake up call with an increasing alarm volume
